UDPP Series

# Ultrabake™ Dual Purpose Plugs

## Purpose

Ultrabake™ Dual Purpose Plugs are designed to plug round or square, plain or threaded holes; they will mask off the hole and allow finishing up to it.

## How the product is used

The hole can be a blind hole or a through hole.

The hole can be round or square. One side of this plug is round and the other side is square.

The plug is tapered and is applied by pushing the smaller diameter into the hole. The plug is removed by pulling on the end that remains out of the hole.

## Recommended for

Powder coating, E-coating, Plating, Anodizing, Spray painting

## Temperature range

Maximum temperature 600°F (315°C)

## Storage conditions

Items should be stored in dry conditions at an ambient temperature of between 55°F (13°C) and 85°F (30°C). It is important to rotate stock and use the product in the order that it is received.

## Design features

- **Dual Purpose** - One side is round, one side is square
- **Handle** - The side that is not plugging the hole acts as a handle
- **Reusable** - The plugs are reusable depending on the application
- **Color coded** - The plugs are color coded to ease identification and sorting
- **Identification** - The Shercon name is on the product

## Custom sizes and colors

Custom sizes are available of this design. Custom colors are available; however, they are subject to a minimum order quantity.
